

Small Steps, Giant Leap

STEM Adventures for Little Space Explorers

Earth Seasons

Vocabulary: Winter, spring, summer, fall

Materials:

- *Sunshine Makes the Seasons*, by Franklyn Branley
- Alien and various sets of clothes (attached) printed on white cardstock
- Scissors
- Color markers or crayons

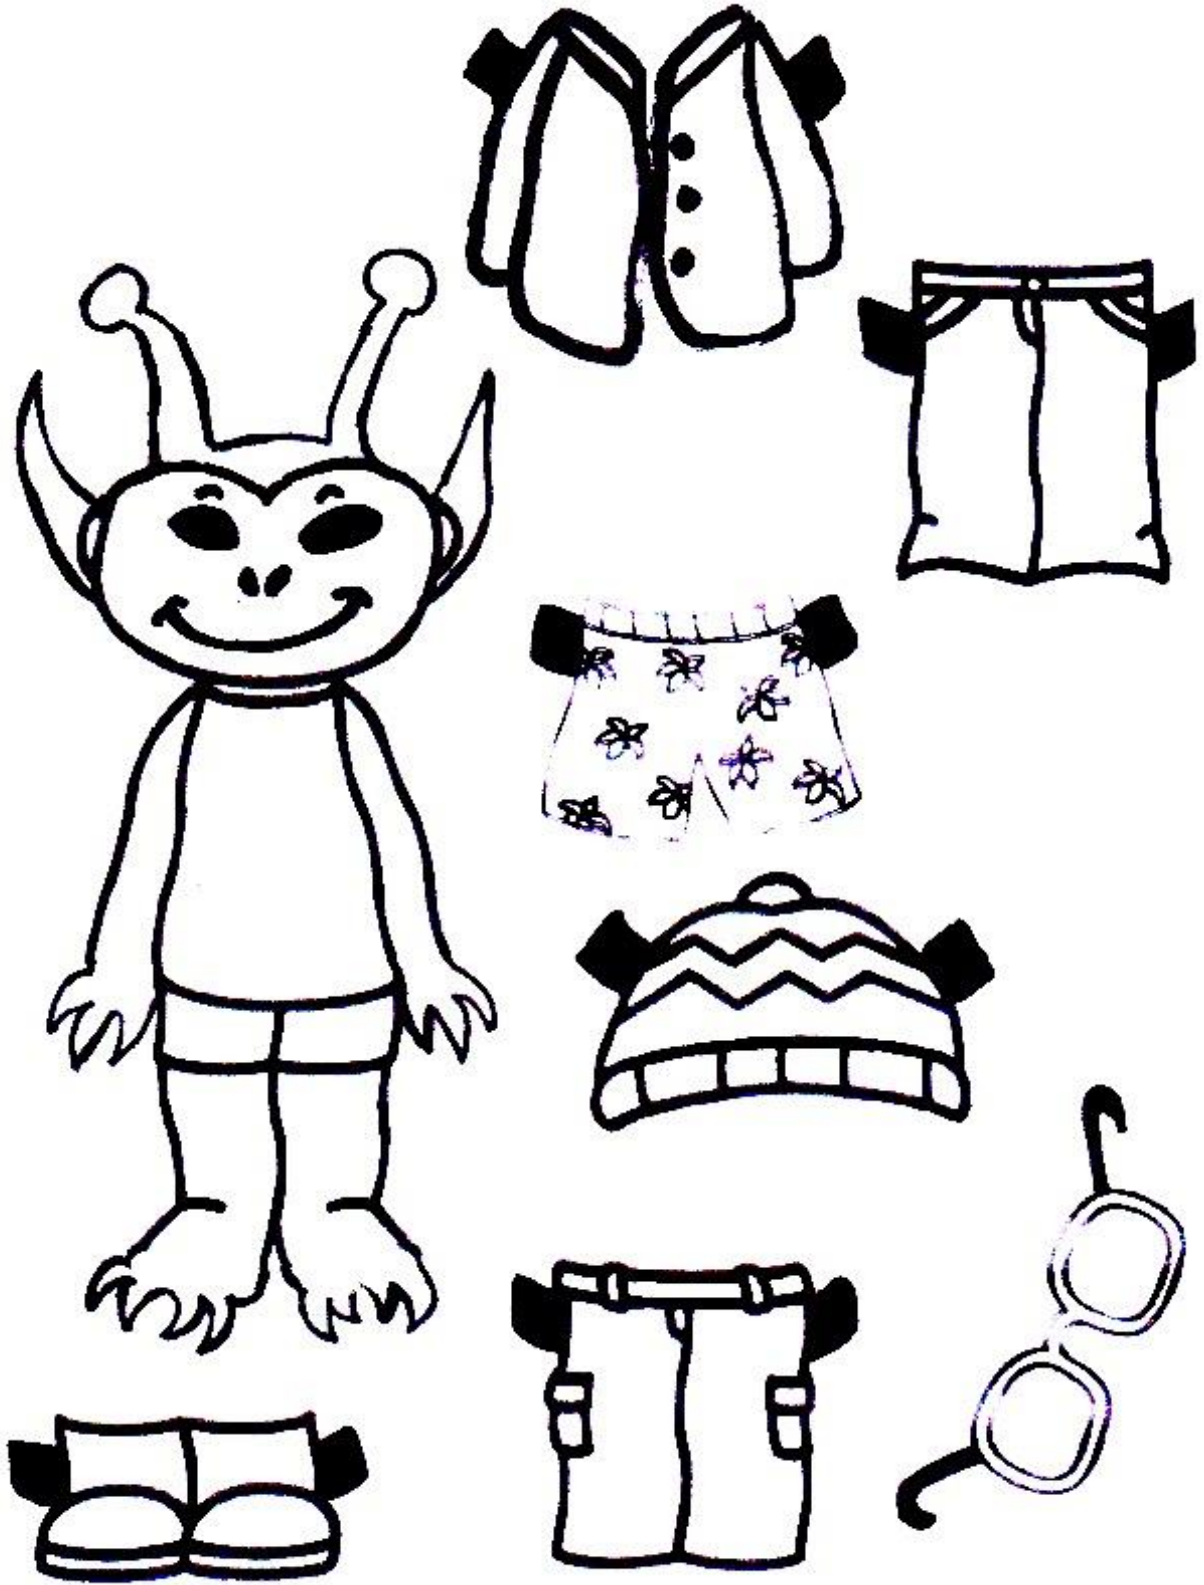

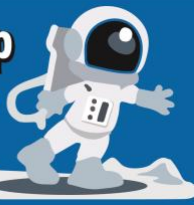

Directions: Please help our alien friend dress appropriately for its visit to Earth.

1. Color/decorate our visitor and its wardrobe.
2. Cut out our friend and its articles of clothing.
3. Dress the alien for each season. Fold the tabs over the alien to make the clothes stay on it. What would our friend wear during the winter? Spring? Summer? Fall?
